britishdarts.com

CONTENTS

Started in 1984 by husband and wife team Gerry and Sandy Smith, British Darts has remained Canada's #1 source for darts and dart accessories. The business was started with a sense of pride in supplying only the best quality items at a fair price thus establishing a reputation as being "really good people to deal with". In 2011, British Darts became part of the Sanders Recreation & Fitness team, another family business built on the same standards of integrity, excellence and honesty.

British Darts is recognized as the leading dart distributor in Canada, being the exclusive dealer for NHL®, Target Darts and Datadart. British Darts also creates an exclusive line of darts including the new Metallum, Northerner and BDX darts. This innovation in new product continues today.
